

100 million

Together, the One Drop Community has contributed over 100,000,000 data points toward understanding diabetes.

Our Community

Every moment is part of a story. This is **our story**.

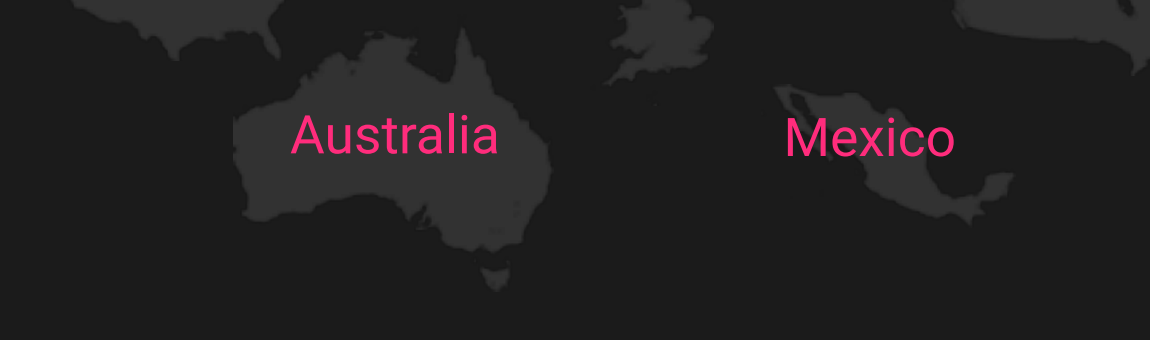

Average values across the One Drop community.

All Over the World

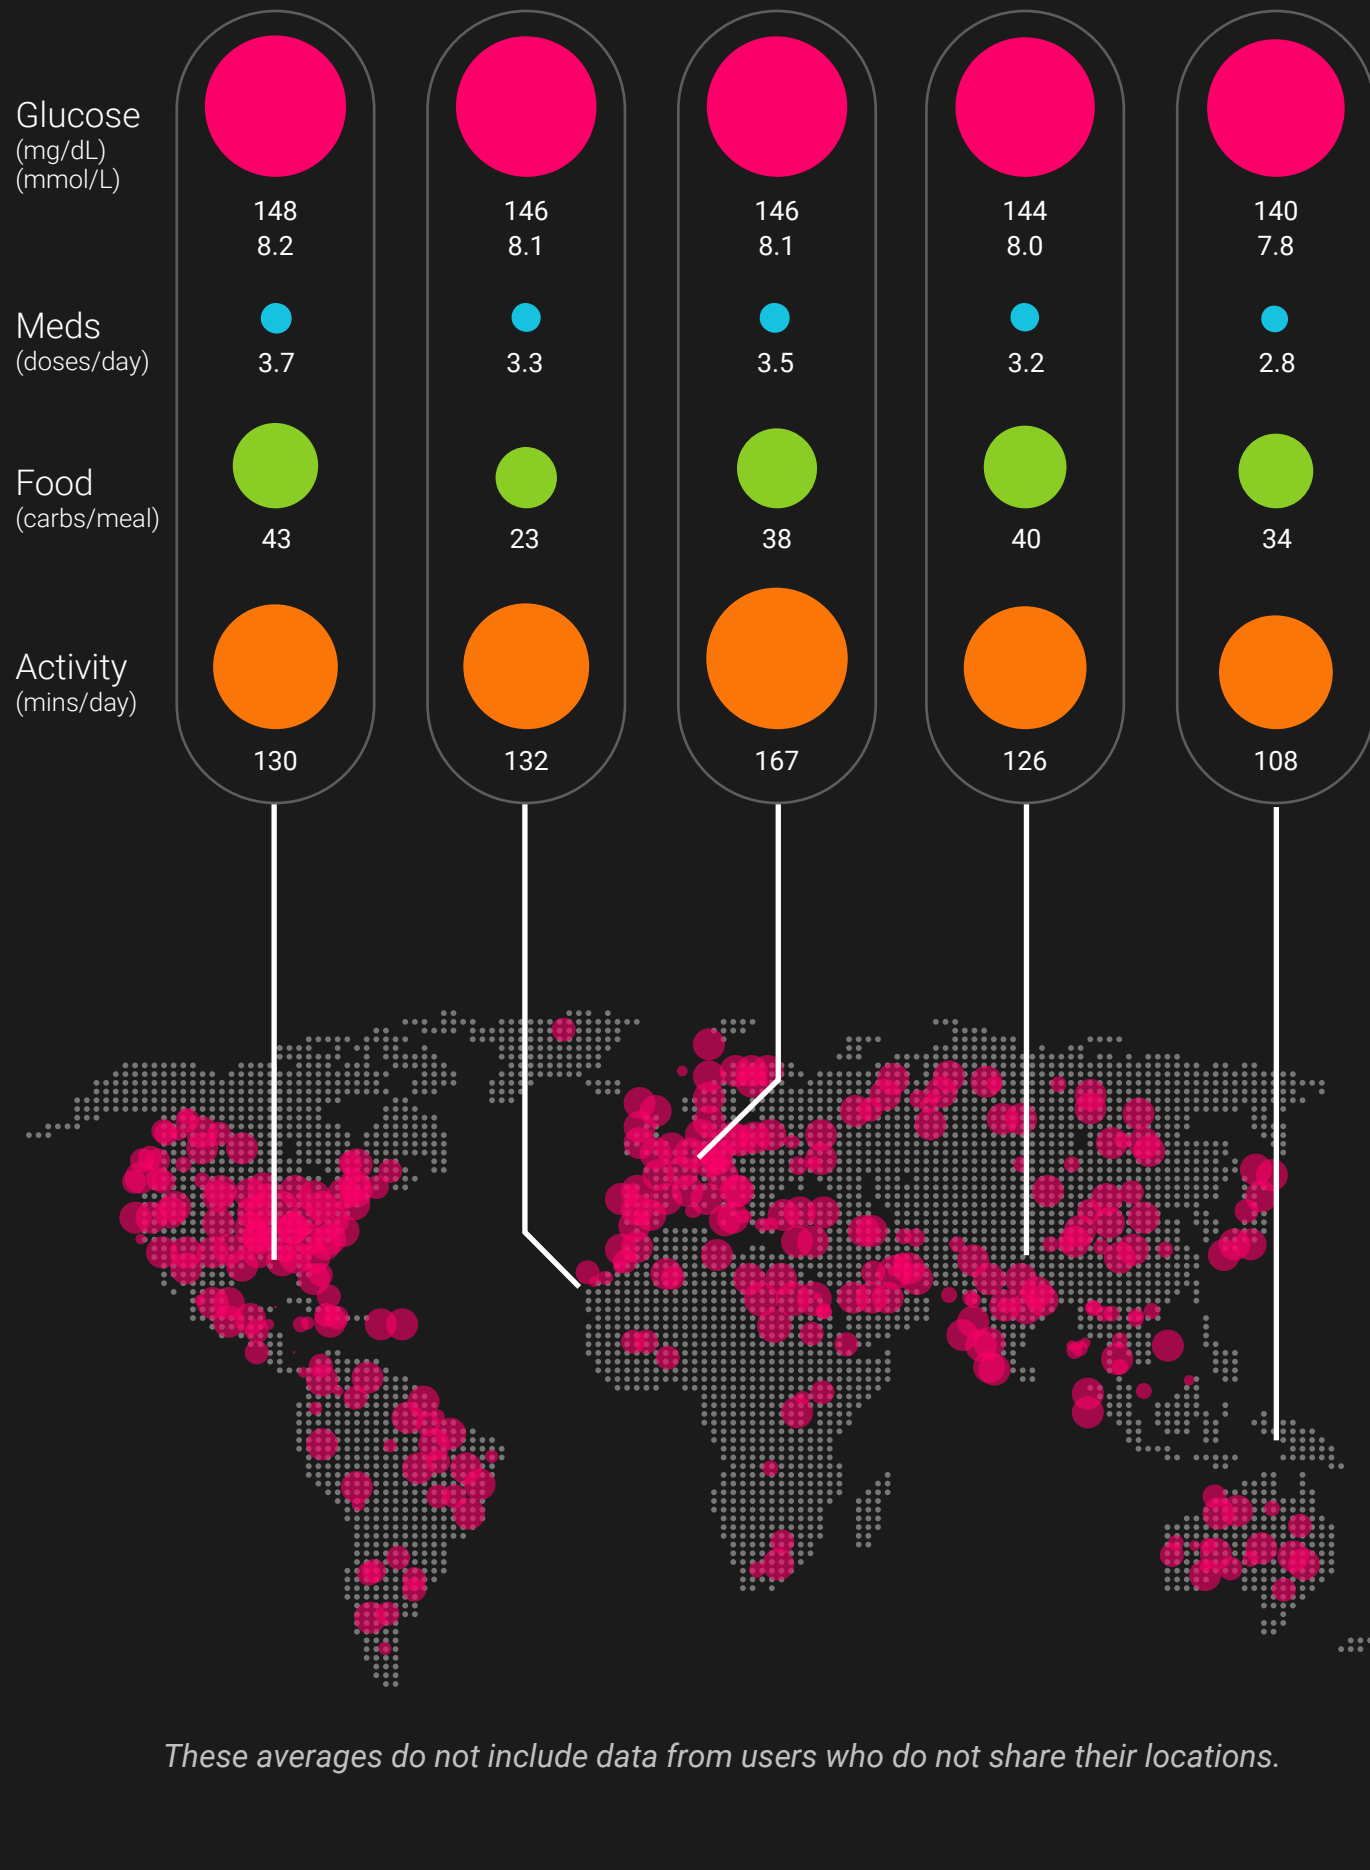

Top Countries

These 5 countries have the most One Drop Community members

Community Averages by Region

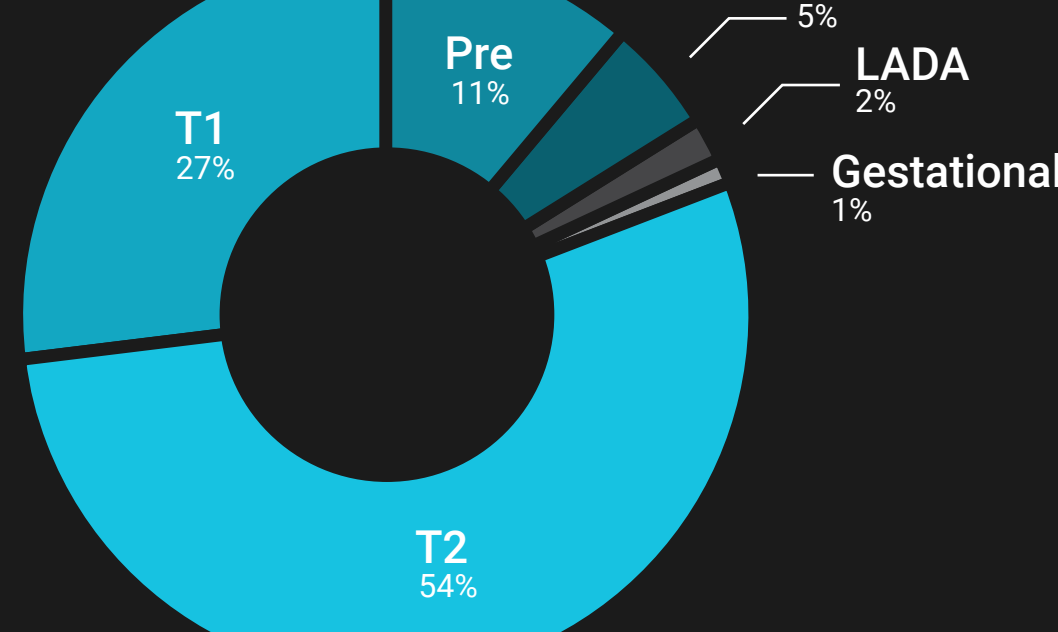

We check, dose, eat, and move in 900+ cities and 195 countries all over the world.

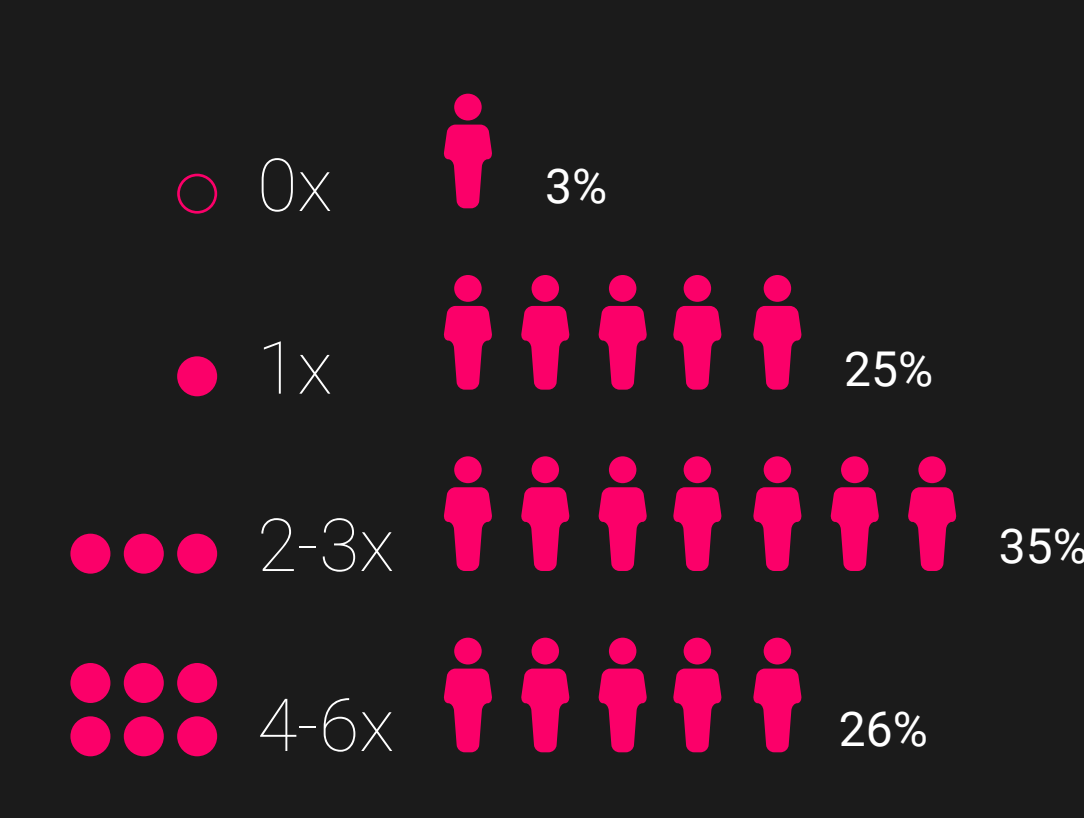

These averages do not include data from users who do not share their locations.

Years Since Diagnosis

Celebrate the Drop!

40% have celebrated or would like to celebrate their diagnosis anniversary (a.k.a. "diaversary")

We're in this together.
